

النادي الليبي للسيارات والرحلات LIBYAN AUTOMOBILE AND TOURING CLUB

The Libyan Automobile and touring Club (LATC) is the
representative of the International Automobile Federation- FIA in
Libya

Important announcement: Approval of the local rally organization program

Based on the great success achieved by the "Libya Rally 2024" and "Fasania Rally 2025", and after reviewing the advanced technologies used by Libya International for Sports Activities and Services, the Libyan Automobile Club announces the adoption of the Road Book Reader (RBR) system as the basic system for organizing all local rallies .

:This integrated system includes the following components

Electronic navigation system

ROAD BOOKRADER: Provides high accuracy in route determination .

Tracking and rescue system: LIBOTRACK ensures the safety of competitors through real-time monitoring .

RBR electronic rally system: facilitates comprehensive race management .

In order to raise the level of sports event organization and ensure the safety of participants, the club urges all its organizers to comply with this system.

Therefore, all organizers are requested to contact Libya International Sports Activities and Services directly to benefit from its expertise and technology in organizing upcoming sporting events .
